

**Summary of ICCR Source Work Group Meeting**  
**Teleconference - June 23, 1998**  
**Stationary Combustion Turbine Work Group**

The teleconference was organized by the Environmental Protection Agency (EPA). A complete list of attendees, with their affiliations, is included as Attachment I. The agenda for the meeting is included as Attachment II.

**Decisions**

- The Work Group decided not to give a formal presentation to the Coordinating Committee at the July meeting regarding the gas turbine exclusion recommendation.

**Next Meeting**

- The next Combustion Turbine Work Group Meeting will be held at the Renaissance Long Beach Hotel in Long Beach, California, on June 30, 1998 from 7 am - 5pm. The meeting will include a tour of the SCONOX facility beginning at 7 am.
- Items to be discussed during the next CTWG meeting include:
  - Status reports on gas exclusion, testing, and model plant development
  - Report on activities of the CC Pollution Prevention Subgroup and the CTWG P2 Task Group
  - Discuss information on cost effectiveness from other MACT standards

**Stationary Combustion Turbine Work Group Meeting**  
**Teleconference - June 23, 1998**  
**List of Attendees**

Sims Roy	EPA OAQPS Emissions Standards Division
Greg Adams	Los Angeles County Sanitation District
A.J. Cherian	PG&E Gas Transmission - Northwest
Peter Hill	US Naval Facilities Engineering Svc. Center
Valerie Overton	Eastern Research Group
Dan Herndon	Alpha-Gamma Technologies
Keri Leach	Alpha-Gamma Technologies
Marc Phillips	Enron
John Klein	ARCO Alaska, Inc.
Marvin Schorr	GE Power Systems Engineering Department
Ted Guth	Permitting Regulatory Affairs Consultant
Stan Coerr	Coerr Environmental
Derek Furstenwerth	Houston Lighting & Power Company
Sam Clowney	Tennessee Gas Pipeline Co.
John Preczewski	New Jersey Department of Environmental Protection

**ATTACHMENT II**  
**Draft Agenda**  
**Stationary Combustion Turbine Work Group**  
**Work Group Teleconference Meeting**  
**June 23, 1998, 1:00-3:00 PM**  
**Call-In Number 919-541-4486**

- Objective*      *Update WG members on the progress of the Task Groups and work products*
- 5 min.            Open Meeting and Review Agenda (S. Roy)
- 25 min.           Review Progress on Gas Turbine Exclusion Recommendation (M. Schorr, Gas Turbine TG)  
                      —Status of work/thought in other WGs  
                      —Status of options/rationales in Turbines WG  
                      —Whether/what to present to CC at July meeting
- 20 min.           Review Work of Model Plants TG (G. Brown, S. Roy, Alpha-Gamma, Model Plants TG)  
                      —Matrix of populated fields  
                      —Model plant information document
- 15 min.           Review Status of Testing Effort (S. Roy, Testing TG)  
                      —Candidate facilities  
                      —Next steps
- 15 min.           Report on Pollution Prevention (C. Solt)  
                      —Recommendations of CC Subgroup (and how they apply to Turbines WG)  
                      —Work of Turbines P2 Task Group
- 15 min.           Discuss Followup on Items from Last Teleconference  
                      —Review of AP-42 emission factors  
                      —Information/documentation on duration of turbine operations at partial loads  
                      —Gathering of control cost information
- 10 min.           Closing Business  
                      —Discuss agenda for July 1998 WG Meeting (WG members)  
                              \*\*Outcomes of CC meeting discussions  
                              \*\*Information on cost-effectiveness of reductions for MACT rules  
                      —Review flash minutes (K. Leach/D. Herndon)  
                      —Discuss whether meeting objectives were met (WG members)
